Madiun, Jawa Timur, Indonesia.

Fresh graduate with an Associate Degree in Informatics Engineering from Universitas Sebelas Maret. My experience includes an internship as a Web Developer at a technology company, where I gained skills in responsive web development and UI/UX design. I am proficient in User Interface Design, HTML, CSS, JavaScript, and frameworks like ReactJS. I possess strong analytical, problem-solving, and teamwork abilities. I am enthusiastic about applying my knowledge and skills in a dynamic environment and contributing to modern, innovative web development projects

## Work Experience

---

### PT. Amanin Internasional - Remote

Feb 2023 – Feb 2024

*Web Developer and Web Designer Intern*

- Designed a comprehensive web dashboard for managing menus and analyzing facial expressions efficiently.
- Built interactive and responsive user interface components using React.js to optimize user engagement and experience.
- Implemented real-time facial detection through device cameras using TensorFlow.js, enabling AI-powered functionality seamlessly.
- Create and integrated APIs to connect the facial recognition system with the database, ensuring accurate data flow and reliable operation.
- Compiled detailed technical documentation outlining system implementation, workflow, and user instructions to facilitate ease of use and maintenance.

## Education Level

---

### Universitas Sebelas Maret - Indonesia

July 2021 - July 2024

*Diploma III in Informatics Engineering, Faculty of Vocational Schools, 3.87/4.00*

- Concentrations : Web/Apps Development, Sistem Analyst, Project Management, IoT, UI/UX Design.

## Organisational Experiences

---

### Himpunan Mahasiswa PSDKU UNS (HIMA PSDKU)

Jan 2022 - Des 2022
